

Elected Member training and development - 2008-09

The Council is committed to providing training and development opportunities for its elected Members, to support them in the delivery of their duties. Following an intense induction process after the elections in May 2007, the training programme has been focused on delivering specific function-based training courses as the need is identified.

It is our intention to refresh the Members' training needs analysis during 2009 and set out a new training programme for 2009-10.

Training event	Number of Members who attended
Members Marketing Workshop - 25 th August 2008	8 Members
Planning Training - 16 th and 17 th March 2009	9 Members
Audit and Scrutiny refresher training - 27 th March 2009	7 Members
