

Activity Sheet - Design your own boat!

Materials required: Pen, paper, imagination!

Materials provided: None.

Method: Look at different boat types in Shetland, and choose one to base your own design on! What will it look like? What is it made of? How do you build it? How do you use it? Is it for fishing? What kind of fishing? Does it have an engine, or oars? Who can use it? How many people do you need? Do you have nets, or a fishing line?
