\*\* HRA Re-Lets

\*\*\* Applications with the Status as Active, Deferred, Pending, Offer Accepted, Offer Pending and Suspended

\*\*\*\* This is calculated by Relets/Applications. Please note that these figures are to give an indication of the likelihood of an allocation per area. Vacant properties will usually be allocated to the first applicant on the housing register in one of three quota groups, for the size of the property in the area. The position on the register for transfer and waiting list applicants depend on the number of points the application has. Homeless and special case applications will not be pointed, but the position on the register will depend on the date of the application.
