Dear sports club/association,

It is with great pleasure that I write to you with an invitation to become involved in Celebrating Sport 2015: a joint partnership between Shetland Islands Council and local sports clubs, associations, coaches and athletes. The purpose of Celebrating Sport 2015 is to mark the 10th anniversary of the Island Games in Shetland 2005, to celebrate coaching and volunteering in Shetland sport and to deliver a summer holiday programme of sport across the isles.

Celebrating Sport 2015 will take place between July and November this year and there are a number of exciting ways that your club, coaches, athletes and volunteers can get involved. You may wish to set up an exhibition match, arrange a club 10th anniversary social night or open night, get involved in the summer holiday programme or visit schools with Island Games medals and help inspire another generation of children to become Island Games athletes. You may already have some events planned which we could help you promote.

How you wish to get involved in Celebrating Sport 2015 is up to you but we have created a suggestions list to help get you started.

Staff from Sport and Leisure will contact you within a fortnight to discuss the suggestions list and any involvement you wish to have and take your ideas forward. We really do hope to include a wide range of sports and activities and hope you consider the benefits your involvement would have.

Best regards

Clark Denby
