

Shetland Islands Council

Environmental Issues – Green Day / Free Recycle

Date 15/05/07

Going for Green Day

On Saturday 19th May we will be holding an event in the Clickimin to promote the environment and in particular waste prevention, recycling and energy use. There will be an opportunity to purchase compost bins for £5 and recycling bins at £5 per container.

There will also be numerous gardening stalls, and stalls providing information on environmental issues including KIMO, Energy Advice, District Heating, Fair Trade, Environmental Management, Waste Prevention, Real Nappies and Composting.

Raffles for a bike from the Community Bike Project and for a large compost bin will be held.

9am to 4.30pm this Saturday.

For further information on recycling, waste issues or to locate the facilities nearest to you please contact the people below.

Free Recycle

We have launched a new web service to assist people to reuse and recycle unwanted goods. The free recycle page is under the recycling section of the Council's internet site and allows people to advertise goods they are willing to give away for free. [Shetland Islands Council - Free Recycle](#)

Should you require any further information please contact us.
