

DIRECTION FROM THE SHETLAND ISLANDS INTEGRATION JOINT BOARD (“IJB”)

ISSUED UNDER SECTION 26(1) OF THE PUBLIC BODIES (JOINT WORKING) (SCOTLAND) ACT 2014

Direction: Adult Mental Health	Direction to: Shetland Islands Council (SIC) NHS Shetland (NHSS)	Overall Budget allocated by IJB for Direction: Total: £ 2,953,189 <ul style="list-style-type: none"> • NHS £2,231,557 • SIC £721,632
Reference Number: 1.9	Relevant Function(s): Mental Health	Review Date: March 2026
IJB Report(s) Reference Number: CC-24-25		
Date Direction issued/authorised by IJB: 29 May 2025	Date Direction takes effect: 1 April 2025	Does the Direction supersede, amend or revoke an existing Direction? If yes, include reference number of existing Direction: Supersedes Direction 1.9 (IJB Report Ref. CC-35-24-F)
Purpose of Direction		
<p>An effective and sustainable secondary care mental health service that addresses a range of mental health needs through collaboration with a wide range of partners. The services in secondary mental health will enable people to receive the right information, support, care, intervention, or service for their needs and support their recovery in a holistic way.</p> <p>The community based services will ensure that person-centred and trauma-informed approaches are embedded within the core services and support appropriate pathways and responses. It will strive to improve experiences and outcomes for people who use adult mental health services supporting and influencing service improvement and system development.</p> <p>It will continue to support and raise awareness of established pathways and responses that shift focus towards prevention and early intervention, and decrease numbers of people requiring secondary mental health service support and providing services which are appropriate for their needs.</p>		

Contribute to the delivery of local and national priorities with ongoing work on embedding mental health quality standards that support the community to have improved health and wellbeing, lead healthy lives that maintain independence and allow people to contribute to society in a positive way.

The service will engage and support Shetland's Partnership Plan; the Joint Strategic Commissioning Plan; the Shetland Alcohol and Drugs Partnership Strategic Plan; and the National Health and Wellbeing Outcomes.

The service aims to improve experiences and outcomes for people who use secondary mental health services in Shetland, ensure a consistent high quality service is provided to everyone who needs it and support improvement in and enable measurement of quality on service provision.

The service aims to support carers/families to be enabled and empowered and to continue to provide unpaid support where appropriate.

Accountability and Governance

Reporting to IJB, Shetland Alcohol and Drugs Partnership; Mental Welfare Commission annual visits; Public Health Scotland; Joint Clinical Governance Group; Obligate network.

Overarching Directions to Function(s)

The provision of:

- Community Psychiatric Service
- Psychological Therapies Service
- Substance Misuse Recovery Service
- Dementia Assessment Service
- Community Mental Health Support Service
- Specialist Services through Service Level Agreement with NHS Grampian
 - Provision of in-patient care -This service is managed and provided by NHS Grampian. NHS Shetland should seek to support best outcomes for service-users by participating in discussions about their care, for example via virtual ward rounds, and by facilitating effective discharge. Quality monitored and managed by NHS Grampian
 - Provision of specialisms for: learning disabilities, neuropsychology, older adults (including dementia), forensic (both in patient and community), eating disorder out-patients, transgender service.

Directions	Outcomes and key actions	Performance Monitoring and Indicators	Challenges & Opportunities – inc. Risks and Finance
<p>Community Psychiatric Service (NHS), provision of a comprehensive psychiatric service to adults (18+) by:</p> <ul style="list-style-type: none"> • Consultant Psychiatrist, • Mental Health Nurses(MHNs) • Healthcare Support Workers (HCSWs) • Specialist Social Worker / Mental Health Officer (MHO) <p>Budget: £ 1,197,640</p> <p>(note this includes management, administration and clinical time that will be used across other functions of the direction described below)</p>	<p>Growing the nursing team and supporting skill mix and development to ensure a sustainable, resilient, skilled and valued staff team:</p> <ul style="list-style-type: none"> • Crisis and out of hours intervention where needed and where appropriate • sustainable home treatment options • sustainable, safe and high quality out of hours service • Appropriate skill mix to deliver a variety of interventions <p>Work across multi-disciplinary team and wider health and social care system to work towards people being able to access the right care, form the right person, in the right place.</p> <p>People should have access to a range of interventions to support their individual needs from time limited low level mental health support to severe and enduring and mental illness.</p> <p>People will be supported to live well with mental illness in their community and achieve recovery in a meaningful way for them.</p>	<p>Performance</p> <ol style="list-style-type: none"> 1. Discharged psychiatric inpatients follow-up by community mental health services within 7 calendar days 2.
